Sequoia Realty Adds Two Professionals to Staff

Mentor, OH—Sequoia Realty recently announced the addition of two experienced professionals to their team. Both employees are uniquely qualified to help serve the needs of the real estate company's client base.

Dianne Piraino is an accountant with a diverse background as both a tax preparer and an income tax school instructor. She has also worked as an office manager at Kenmore Label & Tag Inc. in Mentor. Ms. Piraino will manage all accounting duties for Sequoia, while still acting as income tax practitioner for her own small client base.

Sequoia has also named Henry Schneps as a new Sales Agent for the company. Mr. Schneps previously served as CEO of Custom Graphics in Solon for 9 years, and also brings work experience in investing, data processing and administration. Through managing his family's real estate holdings, he developed a strong background in real estate over the years.

"We're excited to have both Diane and Henry join our team, and they possess a wide range of skills and work experiences that will help them succeed with our company," notes Rick Ferris, owner of Sequoia Realty. "Diane is a seasoned accountant who understands the financial processes of our business, and Henry has a diverse management background that will complement his real estate knowledge as he services our clients."

Established in 1990, Sequoia Realty Corp. is Lake County's only real estate brokerage firm to focus exclusively on the sale, lease and auction of retail, office, industrial, and investment property.
