**Sequoia Realty Successfully Completes Expansion for Metropolitan Business Machines**

Mentor, OH— Lake County commercial real estate firm Sequoia Realty recently completed a transaction for a commercial property at 6155 Heisley Road in Mentor.

“Metropolitan Business Machines will occupy the entire space, both office and warehouse,” says Rick Ferris, owner of Sequoia Realty. “This is a great opportunity for them to have their own building. They are moving to a first-class facility, expanding their showroom and service space.” Metropolitan Business Machines had previously leased a building on Tyler Boulevard.

Located in a commercial section of Heisley Road, the building includes both 12,000 square feet of warehouse space along with 7,000 square feet of office space. Built in 1987, the property is situated on nearly 2 acres.

Established in 1990, Sequoia Realty Corp. is Lake County’s only real estate brokerage firm to focus exclusively on the sale, lease and auction of retail, office, industrial, and investment property.
